

## MASCOT GUIDELINES

1. Corey will appear at your event for typically 20-30 minutes in a row, then a 20 minute break; with a maximum time of 2:20 per event (4 appearances). The appearance times are dependent upon the weather/environment. Whereas an outdoor event in summer temperatures may require more frequent breaks for the actor, in a temperature controlled or cool environment the actor may choose to stay in character for 30 minutes or more. For example, if your event is from 1:00 to 3:00, Corey will appear from 1:00-1:20, 1:40-2:00, 2:20-2:40, 3:00-3:20
2. Corey will not appear at outside events if it is raining or if there is an imminent threat of rain. Rain will ruin the costume. Corey may turn down an event due to excessive heat and humidity with respect to the safety of the actor.
3. The actor requires a changing area of at least 10' x 10' and a chair to sit on during breaks. This area must be private so event attendees cannot see into the room.
4. The requesting organization/facility must provide water for the actor during breaks.
5. Corey does not talk, but will interact with your guests through movement (high fives, hugs, dancing, etc.)
6. Corey needs a "handler" who assists Corey when necessary since the costume limits visibility for the actor. This may be someone from Lehigh Valley Reads or someone from the venue.
