

WHAT CAN YOU HEAR?

WHAT CAN YOU SMELL?

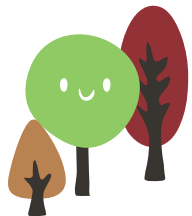

HOW CAN WE KEEP OUR NEIGHBORHOOD BEAUTIFUL?

LET'S TALK ABOUT NATURE

- Pretend to move and sound like different animals.
- Ask your child to draw their favorite animal or flower.
Tip: Using both sides of the paper saves trees!
- Walk through your neighborhood and pick up litter – *our planet is our home.*
- Go outside at nighttime and count the stars. Sing “Twinkle, Twinkle, Little Star.”
